REMARKS

Claims 1-25 are pending in the current application. The Examiner has :

(1) objected to the specification and the drawings;

(2) objected to the abstract; and

(3) rejected claims 1-25 under 35 U.S.C. § 112 ¶2.

The Examiner objected to the specification for lacking headings. Applicant provides herein a substitute specification with appropriate section headings. Reconsideration and withdrawal of this objection are respectfully requested.

The Examiner objected to the drawings, stating that every block therein must be labeled. Applicant respectfully disagrees with the Examiner, as every block in the drawings is labeled. Reconsideration and withdrawal of this objection are respectfully requested.

The Examiner objected to the abstract as describing the claims, not the invention. Applicant provides herein a substitute abstract that describes the invention. Reconsideration and withdrawal of this objection are respectfully requested.

Claims 1-25 were rejected under 35 U.S.C. § 112 ¶2 as being indefinite for being direct English translations lacking the setup and order in accordance to a claim. Applicant has amended the claims in accordance with United States claim drafting practice. Reconsideration and withdrawal of this rejection are respectfully requested.
